

Transform Learning

IDCEC# 111126 Designation – HSW

AIA# TL03 Designation - HSW

Credits: 1.0 CEU, 1 LU

Summary:

Today, schools are challenged to fill many important roles within the educational sphere. They must provide stimulating education and diverse curricula to promote critical thinking, creativity and measurable academic success among the student population. They must create warm, welcoming environments that are safe and sustainable across a sprawling campus. They must balance students' physical and emotional wellness while inspiring them to reach their goals

Course Objectives:

1. Commercial Design Trends that improve educational outcomes
2. Understanding how design can impact student productivity
3. Understand how design can improve wellness (emotional and physical)
4. Understand how different approaches to educational design can impact student's overall productivity and success
